

To All Log Truck Drivers

It is the Canfor Fort St. John Division's policy to not allow unauthorized passengers beyond the scale house.

We strongly recommend that you follow the Worker's Compensation Regulation regarding this matter. The regulation is as follows:

26.75 Riders

Only the operator and one other authorized person may ride in the cab of a loaded logging truck, except in an emergency.

An authorized person is defined as a driver in training.

Please adhere to the regulation to refrain from leaving passengers at the scales.

Your Cooperation is appreciated.

Canfor Management
